BUILDING WITH TEIFOC

GB
 -Mix a small quantity of powder with a minimum of water until you get a cement.
 -This cement is non-toxic and absolutely harmless.
 -The wooden and plastic parts can be soaked also with this cement.
 -Apply the cement evenly and place the bricks square in water.
 -You can demolish your house by putting it for 4 to 5 days in water.
 -Reuse the bricks and let them dry.
 -Now you can rebuild the same house or build another using your own fantasy. Your creations will constantly look of pleasure!

BOUWEN MET

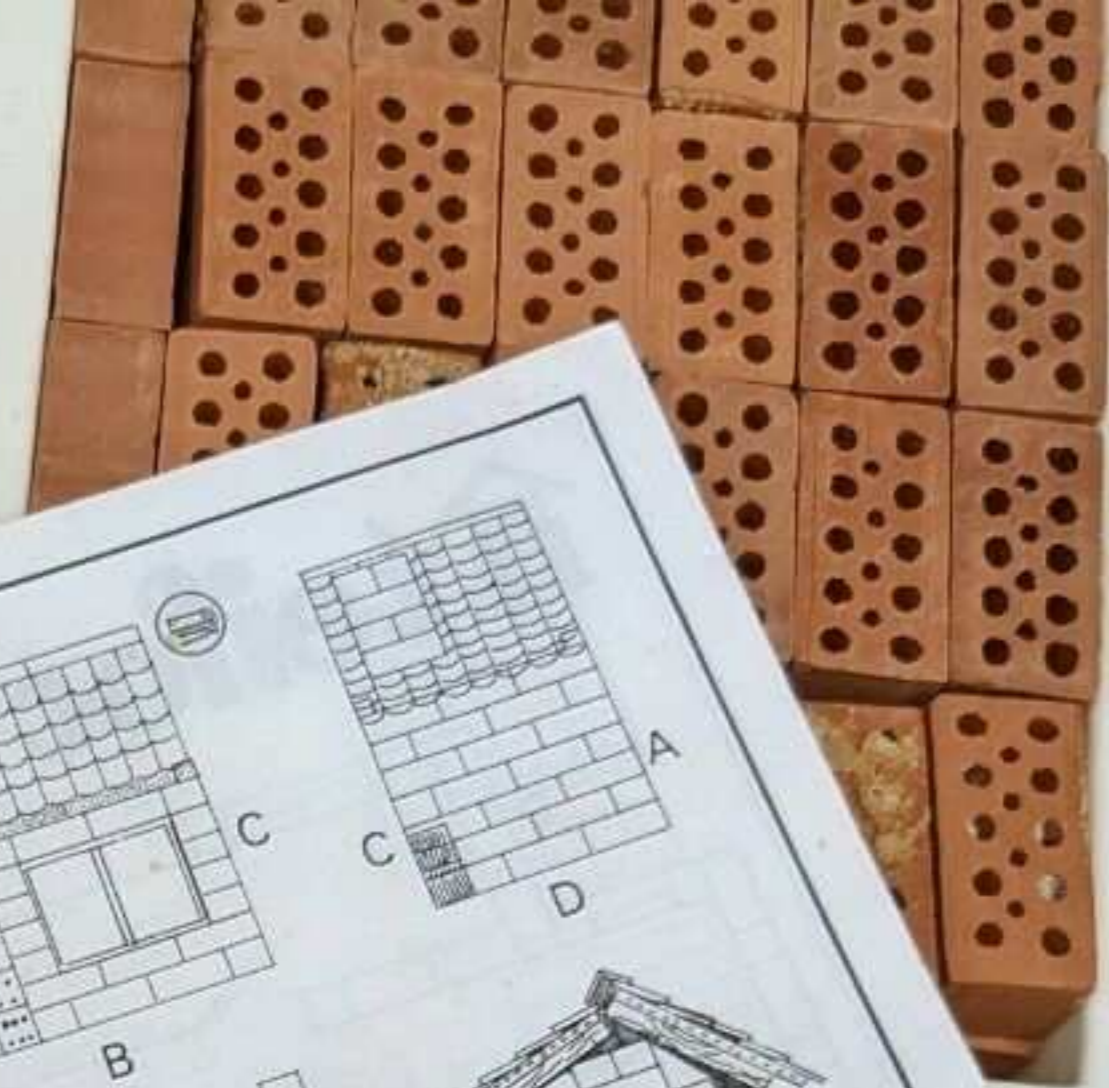

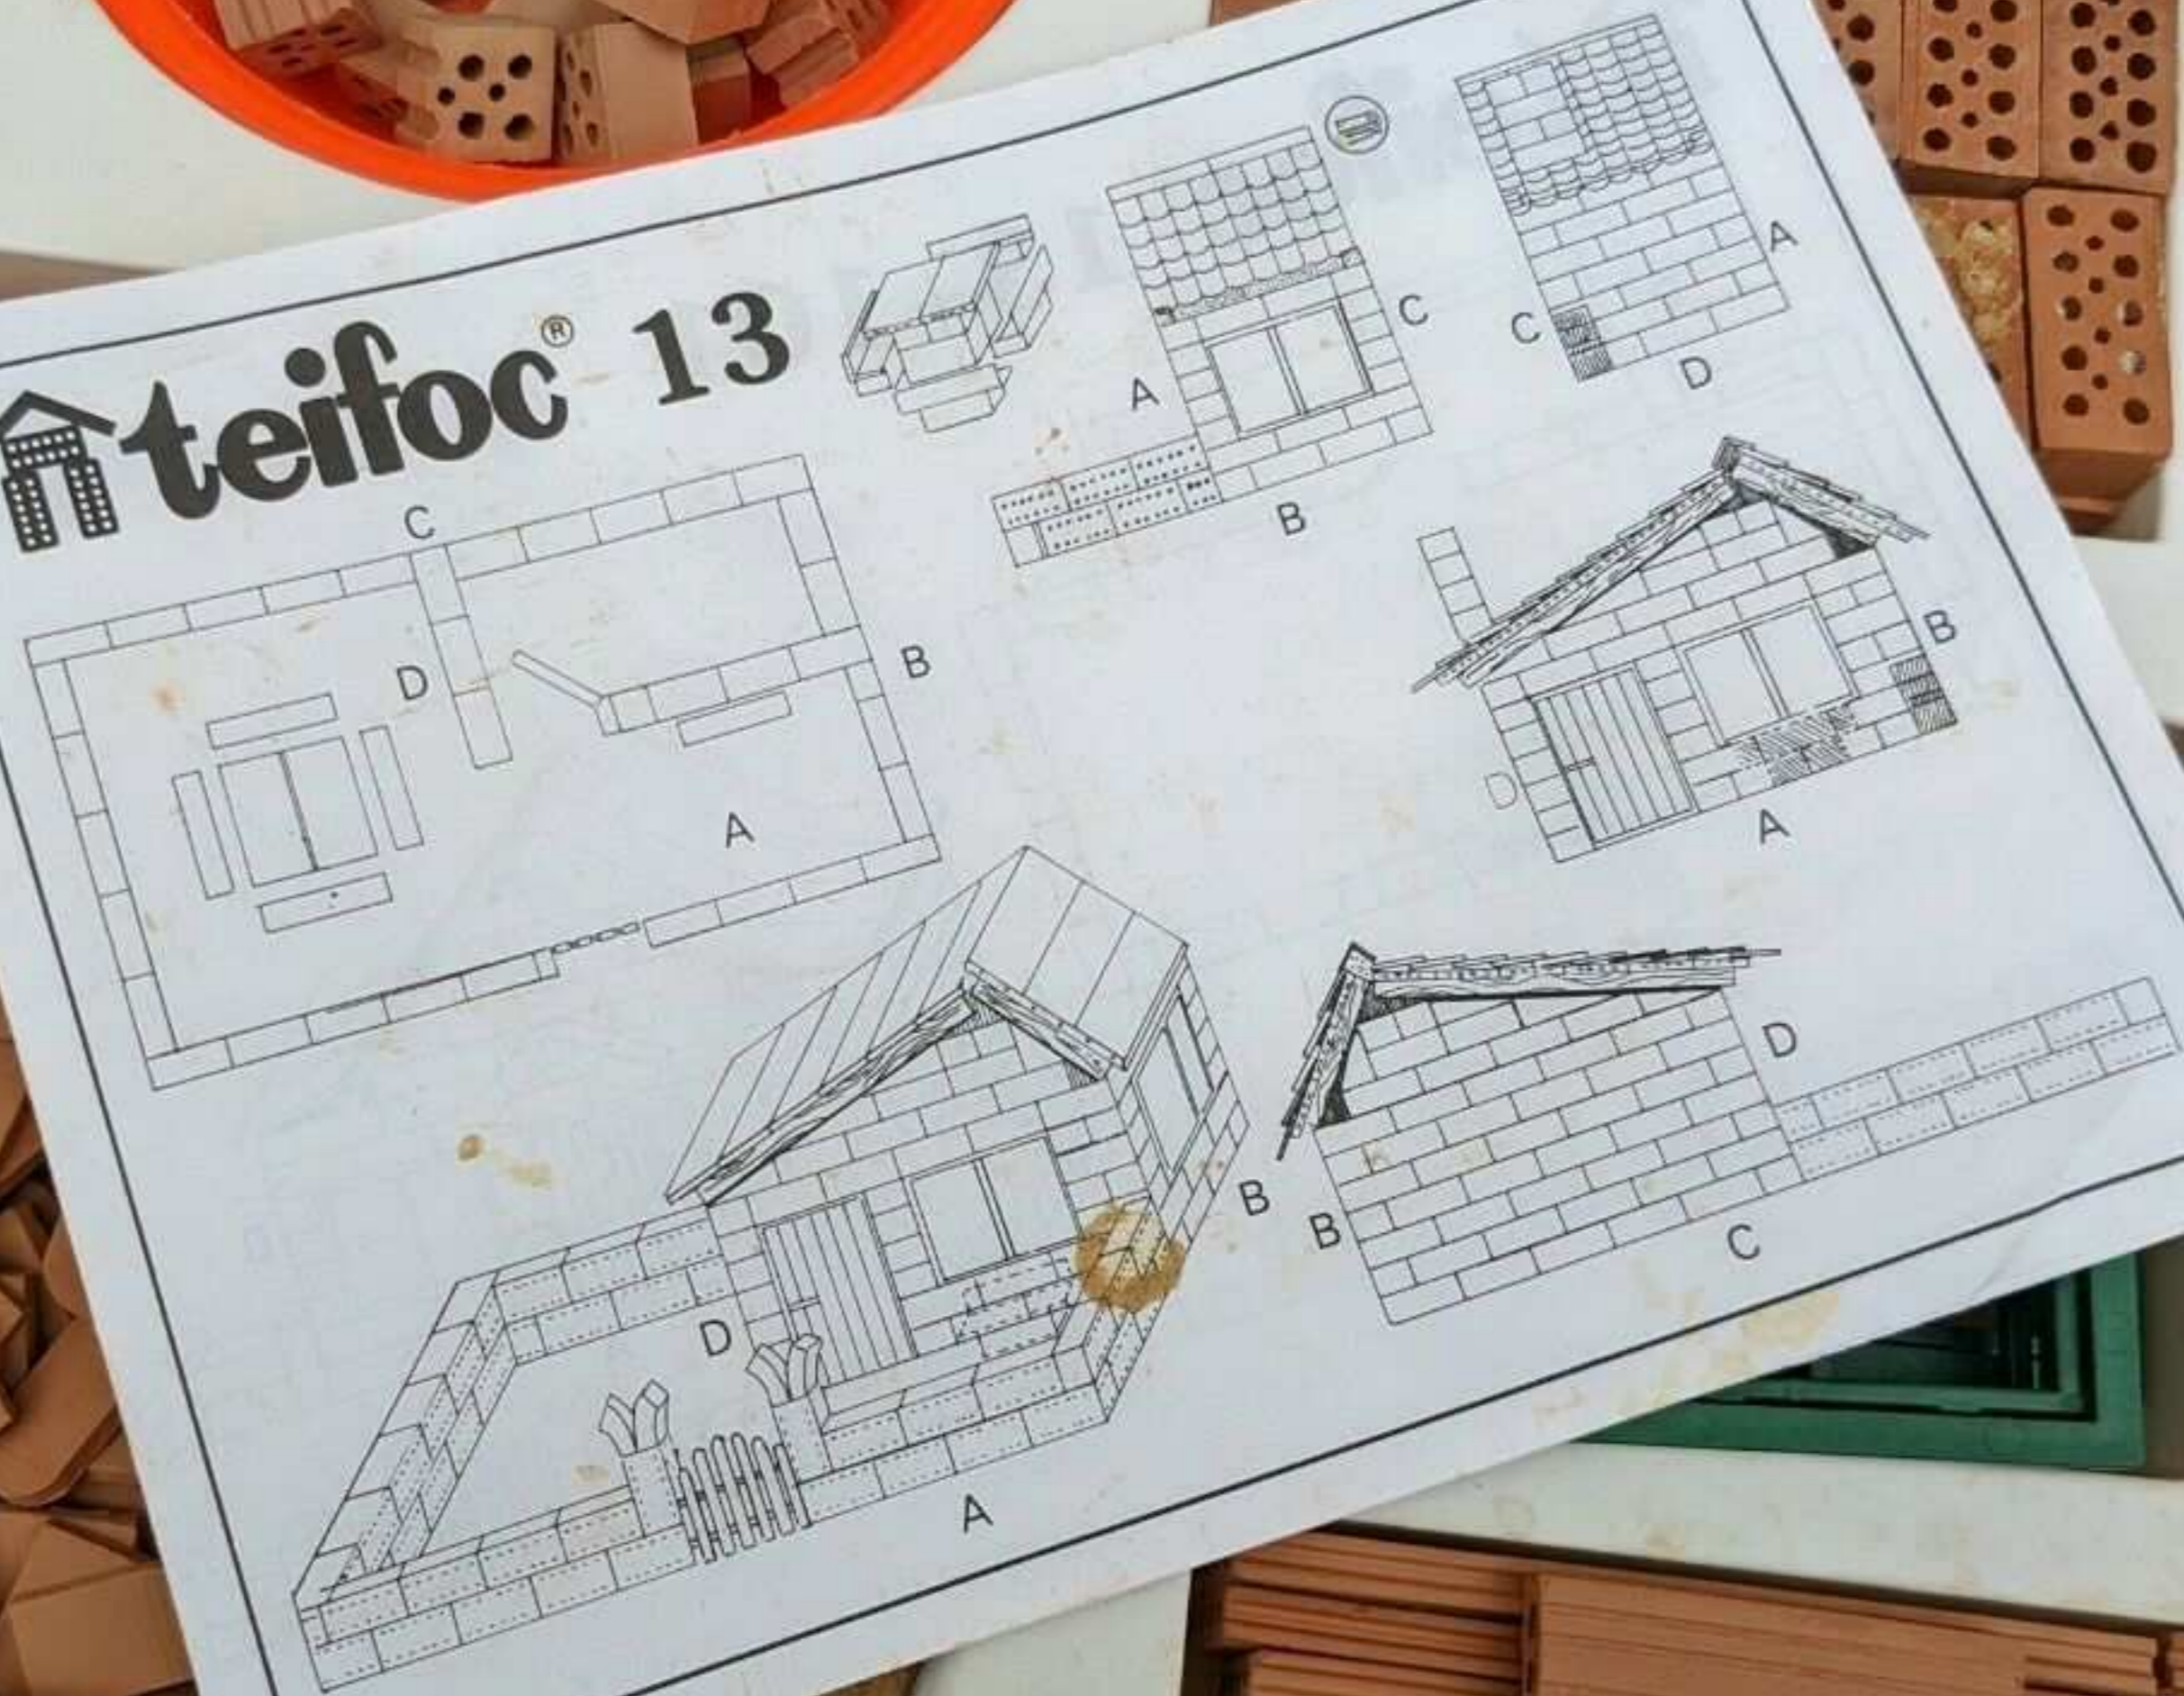

NL
 -Neem een beetje cementpoeder en meng met een beetje water tot cement.
 -De cement is niet giftig en absoluut ongevaarlijk.
 -Dek de houten en plasticen delen met cement worden vastgezet.
 -Breng de cement gelijkmatig aan en plaats de bakstenen op elkaar.
 -Je kan je bouwwerk afbreken door het in water te zetten.
 -Spoel dan de steentjes af en laat ze drogen.
 -Nu kan je hetzelfde of een nieuw huisje bouwen.
 -Veel plezier met TEIFOC!

CONSTRUCTION

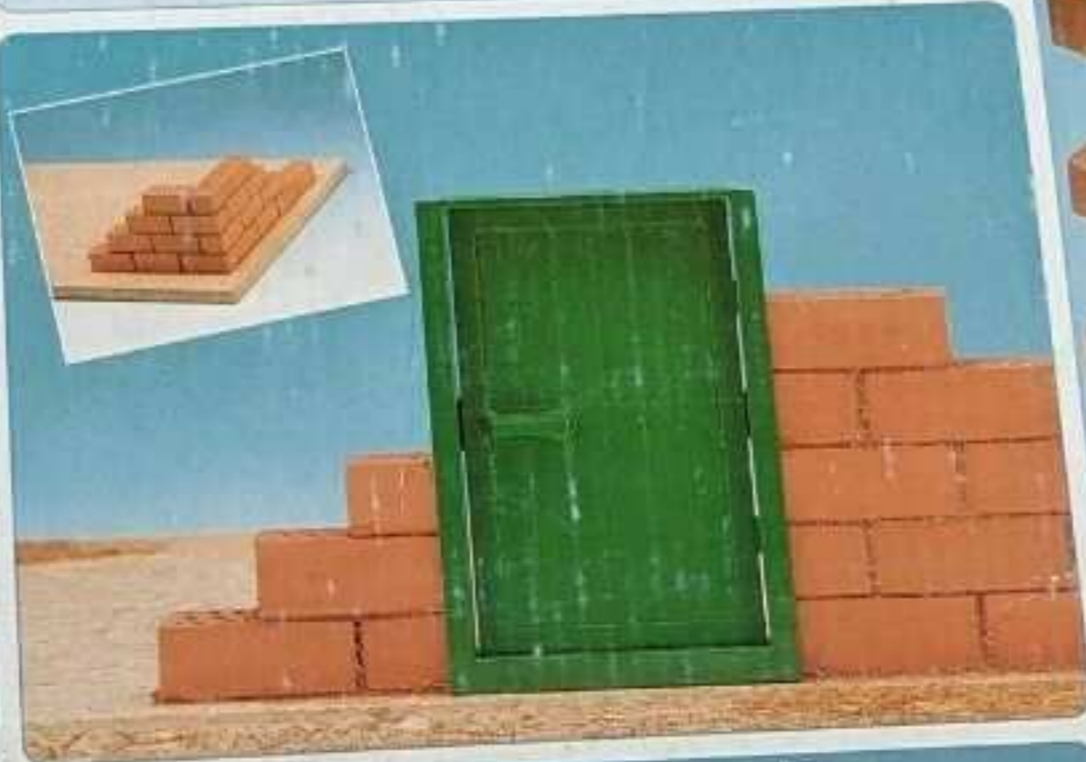

F
 -Prends une petite quantité de poudre et mélange la avec un minimum d'eau.
 -Le ciment est non-toxique et absolument inoffensif.
 -Les pièces en bois et plastique sont fixées avec du ciment.
 -Mets le ciment de façon uniforme.
 -Pose les briques de façon régulière.
 -Tu peux démolir ta maison en la plongeant dans l'eau pendant 4 à 5 jours.
 -Réutilise les briques et laisse-les sécher.
 -Maintenant tu peux reconstruire la même maison ou en construire une autre en utilisant ta propre imagination. Tes créations auront toujours l'air de plaire!
